

C.V

About me

I work in the field of analysis and critical thinking and have knowledge in data analysis, processing and analysis of medical images, performing accurate calibration of radiation therapy devices and ensuring their accuracy.

EDUCATION

Anbar University	2014
I holds a certificate	
Bachelor's degree in Physics	
Tikrit University	2018
Master's degree in Physics	
Tikrit University	2024
PhD in Physics	

RELATED SKILLS

Data Analysis: Processing and Analysis of Medical Images

.Image Feld emotion microscope -1

UV-visible -2

.Transmission electron microscopy -3

.Zeta potential -4

.atomic force microscopy -5

.x-ray diffraction -6

Experimental design: Developing scientific research to study the impact of

Nanomaterials for Medical Physics Applications

Report Writing: Documenting Scientific Findings and Writing Papers

Research

Abeer Hatem

date of birth

1992/10/23

SKILLS

Use of computer programs

Speed and accuracy in completing the work

COMMUNICATION

07723055255

Baghdad - Al-Harithiya - Al-Kindi Street
